Merry Christmas!

We hope you have a safe and happy holiday season. Thank you to our supporters and donors who help us support education and community development in Ethiopia.

Addis Ababa Update

We are continuing to support 100 students at Biruh Tesfa school in Addis Ababa. In 2018, we distributed uniforms, school supplies, and continued to fund the tutoring program for students who require additional instruction time. We will continue to partner with Biruh Tesfa school to meet academic goals and to provide community support in 2019!

Gojjam Update

In Gojjam, SEEDS continues to partner with Amanuel Schools 1, 2 and 3. The capital investments we have funded in the past including schools supplies, desks, and water infrastructure, have continue to bring benefits to both the students and the community. Feedback from the parents and school staff has been positive. We will carry on with our support for academic programs and look for opportunities for further capital development in 2019.

Our Mission

SEEDS exists in order to provide opportunities for at risk children and their families suffering from the effects of poverty, to meet their basic needs and access services that serve to break the cycle of adversity and develop greater independence. The society strives to empower families by supporting their communities to be better equipped to respond to their needs and capabilities.
